Version 1.7 - May 10

## Offering only the best. And now offering a new horizontal concealed-fastener wall panel.

The latest in Fabral's line of concealed fastener panels, the Silhouette HCF panel is an aesthetically pleasing wall panel product for architectural, commercial and industrial applications.

The Silhouette HCF wall panels are available in a variety of profile designs and manufactured to fit a variety of aesthetic goals. By offering multiple profile configurations, a wide range of gauges and a complete color spectrum with Fabral's Flurobond™ High Definition Coating systems, there is something to meet everyone's needs.

Silhouette HCF Series is available with:

- Separate panel clip or with built-in screw flange configuration
- Multiple profile configurations
- 0.032" - 0.050" aluminum
- 24ga - 18ga steel
- Smooth or stucco embossed finish
- Asphalt impregnated expandable closure strip
- Mitered corners
- Widths of 12" and 16" with a 7/8" depth
- Standard lengths ranging from 2' to 20'

Color - Creativity - Design
